PRODUCT NOTICE

Dear Valued Customers,

We write to inform you that the following product(s) have reached End-of-Life (EOL) status as of March 5, 2026. As part of our product lifecycle management process, this model will no longer be manufactured or made available for new orders after it is out of stock.

EOL Model(s)

IVC-4011-T-V2
IP30 Industrial Ethernet Extender, 4-Port RJ45 (LAN), 1-Port BNC, 1-Port RJ11 (-40°~75°C / -40°~167°F)

To ensure continuity in your operations, we are pleased to recommend the following replacement model:

Replacement Model(s)

IVC-4011-T-V3
IP30 Industrial Ethernet Extender, 4-Port RJ45 (LAN), 1-Port BNC, 1-Port RJ11 (-40°~75°C / -40°~167°F)

Key Features of IVC-4011-T-V3:

- Enhanced support for Profile 35b
- Downstream/Upstream data rate of up to 200/200Mbps symmetric and 300/100Mbps asymmetric
- Used in pairs to extend point-to-point connection up to 1.4km (0.86 mile)

We encourage you to review your current deployments and plan any necessary transitions. Our Sales and Technical Support teams are available to assist with product comparisons, migration guidance, and quotations.

Antiara appreciates your understanding and patience during the phasing out of the aforementioned product. Should your project still necessitate the product being discontinued, please contact your Antaira sales representative or an authorized Antaira regional distributor. We will initiate the necessary action to address your request. Please be advised that all service rules (e.g., warranty) remain applicable after the products are phased out.

Regards,

Derrick Diep
Product Marketing Coordinator
ANTAIRA TECHNOLOGIES, LLC.
